CERTIFICATION

Programming in Python
@Rajalakshmi eduverse
Certificate Number
REV042307B4015

PROFILE SUMMARY

Detail-oriented Python Developer with a solid foundation in web development and database management. Proficient in Python, JavaScript, HTML, CSS, and MySQL. Quick learner and effective team player, eager to contribute to innovative projects in a collaborative environment.

PROJECT

Student Management System

- A Student Management System developed in Python with a MySQL database is a comprehensive software solution for educational institutions.
- It efficiently stores and organizes student data including personal details, academic records, and enrollment information.
- Python handles the backend operations, while MySQL ensures secure and scalable data management.
- With a user-friendly Command-Line Interface (CLI), it facilitates intuitive interaction while incorporating robust error handling for reliable performance.

WORKING EXPERIENCE

Process Executive

Cognizant Technology Solutions - Coimbatore
Sept 2022 - Jun 2024

SOFT SKILLS

1. **Communication:** Effective communication to facilitate collaboration and understanding.
2. **Teamwork:** Strong team player with a history of successful group contributions.
3. **Adaptability:** Quick to adjust and thrive in changing environments.
4. **Problem-Solving:** Proactive in identifying and resolving complex issues.
5. **Creativity:** Thinking innovatively to develop new ideas or solutions, and approaching tasks from different perspectives.
